Introducing Vogel's new EFC 6215 ceiling mount, which is specially designed to securely suspend an LCD flat screen from the ceiling. A special solution for rooms where you are not allowed to drill in the walls. For hanging a TV over a bed or in a corner. This mount has a stylish design that looks sleek and compact in any décor.

EFC 6215 LCD Ceiling mount

The EFC 6215 ceiling mount is made for medium size LCD flat screen from 58 cm - 81 cm / 23 - 32 inches. It can tilt up to 20 degrees and supports flat screens of up to 30 kg / 66 lbs. It includes a leveling function which makes it easy to hang the mount straight. All cables are neatly hidden from sight with the double Cable Inlay System (CIS®).

Features

- Tilt function
- Ceiling cover included
- Cable Inlay System (CIS®) - all cables cleverly concealed
